

Partnering with  **ProSential** GROUP™
TRANSFORMING HR & BENEFITS

About ProSential Group

Who are we?

ProSential Group, a national employee benefits, human resources, payroll technology and services organization, combines hands-on service through local representatives with best of class human resources and benefits technology. With offices throughout the United States, ProSential Group enables both small and large employers to simplify the administration of their HR and benefits while reducing costs.

With in-depth knowledge covering a wide range of HR and benefits topics, ProSential Group's advisors can meet an employer's unique needs. Our local and national representatives serve thousands of employers across the country and deliver both simple and complex HR and benefits solutions. Our proven expertise, customized solutions and comprehensive service brings measurable value to employers of all sizes.

At Our Core

- Provide experienced and accountable local representation
- Deliver the latest high quality solutions on the marketplace
- Leverage purchasing power to keep solutions cost effective
- Simplify the delivery of human resources, benefits and payroll
- Build lasting relationships that allow our trusted advisors to know the clients' business needs
- Identify, develop and implement "best practices" in the areas of human resources, benefits, payroll services and technology

Transforming HR & Benefits

Relax. Managing Payroll, Human Resources, and Benefits just got easier and more affordable.

Innovative yet simple. Comprehensive yet cost effective. ProSential Group offers the right combination of technology, services, and advice to simplify your Human Capital Management while empowering your employees.

Our Payroll, HR, and Benefits Technology Comes in One Piece.

Automation is supposed to make things easier. Others "integrate" multiple systems often creating more problems. Our single database solution includes Payroll, HR, Benefits, and Time and Attendance all in one. One system with one login makes things easier to use and manage.

Accountable Local Service

Our local representatives are accountable and have the authority to help you solve business problems. They will understand your business, your culture and your market to personalize your service and deliver better results.

Eliminate Risk. Eliminate Worry.

New laws, a rapidly changing workforce, and expanded employee benefits has added to the complexity of managing Payroll, HR, and Benefits, resulting in inaccurate data, increased compliance risk, and higher costs. ProSential Group technology and professional services eliminates worry and reduces costs.

Empowering Your Workforce

Reduce paperwork and keep your company in control by giving employees and managers 24/7 access to HR, benefits and payroll technology and services...all from a single sign on.
